YOU MIGHT BE ABLE TO CALL ME TROUBLE

Hi! My name is Theodore. My favourite thing in the world right now beyond dinner time is playing with my foster mum and dad, or chasing anything that has a bell. Sometimes we'll play fetch with my toy mice - that's fun too! I like to playfight, and sometimes I'll even nibble on your fingers a little bit, but I'm always pretty gentle and never scratch unless I'm really mad.

When I'm not chasing stuff, you can usually find me napping or staring out the window plotting how to become fast friends with our neighbours, I also like to try to sneak on to the porch when my foster parents aren't looking - though somehow they always catch me and make me wear that *icky* harness if I want to stay out and people watch.

I have lots of love to give and have no problem trying to spread it around. I'm not hugely into cuddling up close but if you're going to be hanging out I might come and sleep near you. I might also come up and try to chew your hair instead - I like to be a little unpredictable. I much prefer to find myself a cosy hiding spot away from all of the people if I'm tired....nice and quiet. I am a very loud purrer, in any case.

My perfect new home would have at least one other kitty for me to play with - somebody that is fun and likes to play with toys is preferable. I'm also most suited for a home that doesn't have any little children - I'm really active when I'm not napping and I like to play hard. I wouldn't want to accidentally hurt anybody, and I'm not that keen on being picked up and snuggled, as small children are wont to do. I'm used to other kitties though - I had one sister and another foster sister too!

Oh - one last thing. My foster mum and dad are pretty cool and they're really going to miss having me around. If you want to tell them how I'm doing, that would be really great! You can email them at robyn@lilybug.ca. My foster mum can also send you some photos of me when I was really little if you'd like!
