

Hector.

AKA: Happycat
3 Months Old
Serious Snuggler.

Hi! My name is Hector! I am the sweetest, most serious little grey cat you will *ever* be lucky enough to meet, and I want to live with you! I am a sometimes talky cat - I like to tell you about my day when you get home from work, or if I'm bored and I want you to play with me, I'll tell you about that, too. As much as I'm a talky cat, I get sleepy and tired a lot and it's then that you'll find me curled up in your lap snoozing away for hours on end, or snuggled underneath your bedsheets.

Nighttime is one of my favourite times, since I have 6 or 7 hours to roam uninterrupted throughout the house, but by morning, I'm bored. And if you let me come in and wake you up, you'll be covered in purrs and kitten kisses and jumps, and attacking of your feet under the blankets galore. I might like my independence, but after a *whole* night, I miss you!

I'm a bit shy, but I get used to people quickly - I like all the attention! You'll always catch me purring while I'm eating, sleeping, playing in the bathtub, chasing my tail, chasing my toys around, or checking out new strangers who have come over to my house. I LOVE to play, and I'm excellent at climbing - but be warned....I haven't yet figured out that legs are not the fastest way to climb up to see you. Whoops.

My dream family will have lots of time to play and snuggle, and a fantastic friend or two. A house with some shiny toys would be especially nice - I am very fond of felted wool balls, and things that crinkle, like one of those cat tunnels. They are SO fun!

I'm ultra-interested in people food these days and I just discovered cheese. OH MY. Where has it been hiding? I love spare ribs, yogurt, cheese, bacon, roasted sweet potato, ground beef and more. The list is endless really. The cat food I've been eating is all natural food from Merrick's - I especially like Thanksgiving Day Dinner. YUM. It has lots of gravy. I eat a lot of dry crunchy food too. I like IAMS.

I use Feline Pine litter instead of the chalky or clumpy stuff, and I like it just fine, but I'm pretty sure any kind of litter will do. I'm not at all scared of water, but sometimes that makes me a little too brave. I can often be found trying to attack the shower, and have not yet learned that kitties aren't supposed to get soaking wet.

My foster parents were pretty great and took fantastic care of me. My foster-mom was trying to be tough, but I think she's going to miss me a whole bunch. If you want, you can tell her that I found a new fantastic home with you - send her an email to robyn@lilybug.ca and she'll be pretty happy.
